

GRAPHITE

When quality speaks

Leo Graphite knife series combine exquisite design with thoughtful features to give you exceptional performance – and delicious results. The series offers fully forged blades that are incredibly sharp thanks to a unique sharpening process.

The ergonomic handle fits perfectly in your hand for optimal performance and comfort.

New to the series is the Leo Graphite Chopper. It's wide, rectangular blade is perfectly angled for ultra-thin slicing and dicing, and is strong enough to cut through bones and cut large pieces of meat. The hole in the corner of the blade allows you to store the chopper on a rack in your kitchen.

Material knives: Blade: stainless steel (X50crMOV15)
Handle: stainless steel + ABS
Material scissors: Blade: stainless steel (X50crMOV15)
Handle: stainless steel
